

Introduction

Chapter 1G – JSCB Master Plan Mission & Goals

Statement of Purpose

To create a living document that serves as a basis for future Phases of the City/ Syracuse City School District (SCSD) facilities renovation program, providing a baseline ideology to which all future plans will adhere, while giving the community a sense of ownership over Phase 1 of the JSCB’s District-wide Renovation Program.

Goals

- 1) Identify baseline conditions at each building. *(See V.2, Chap.2)*
- 2) Assess present and future educational challenges facing Phase 1 schools. *(See V.2, Chap.4)*
- 3) Evaluate the community’s attitudes and perspectives on the delivery of education in the City. *(See V.2, Chap.3b)*
- 4) Evaluate SCSD’s philosophy/ideology to build a framework for the design process. *(See V.2, Chap.3a)*
- 5) Merge data with specific building concerns, needs and goals and establish draft Program of Requirements (POR) and Educational Specifications (Ed Specs) from which schematics are created. *(See V.2, Chap.5)*
- 6) Ensure that final plans meet stated goals & philosophies.
- 7) Establish the following elements in a cohesive plan for renovation of existing

facilities in Phase 1 of the JSCB's reconstruction program (*See V.2, Chap.9*):

- Detailed Building Assessments
 - Demographic Study Findings
 - Qualitative Research
- 8) Establish conceptual plans for each building to be renovated in Phase 1 and ensure those plans align with the POR and Ed Specs adopted by JSCB.
